

### 1974-2011 34-Rank Reuter Opus 1881 Organ

The Reuter Opus 1881 was built for Richfield United Methodist Church in 1974 as a 3-manual organ. Great and Swell divisions for this instrument were located in chambers on the right side of the chancel with an exposed Positiv on the left. The 2011 renovation included a solid-state upgrade with new console controls and a significant redesign of the instrument. The Great was enhanced with new pipework and moved to the center of the Chancel. Former Great ranks were combined with the original Positive to form a new, enclosed Choir division. A polished copper Trompette en Chamade completed the project for this 1,982 pipe 34-rank organ.

#### Great

16' Sub Principal° (Ch)  
 8' Diapason
